

Name: _____

Class Period: _____

SCIENCE STUDY LOG EXTRA CREDIT

Objective – To reinforce learning of classroom topics at home while informing parents of topics covered in class. This will be due a week before the end of a grading period (I will ask for it).

Each entry is worth 2 test points, 10 point maximum

STUDENTS: YOU FILL THIS PART IN

PARENTS: YOU FILL THIS PART IN

Date	AT LEAST a 30 minute study session. (What specifically did you study?)	How were you (the parent) involved in session?	Legible Parent Signature

Examples of Parent Involvement

(YOU ARE NOT LIMITED TO THESE ACTIVITIES - BE CREATIVE!):

- Student teaches parent concept
- Parent helps make flashcards for memorization
- Parent helps student write questions he/she might have about topic
- Parent quizzes student or vice versa
- Parent/student internet research – look up additional info for better understanding
- Parent helps organize student notes (highlight, tips on rewriting notes, etc.)
- Student summary presented to parent over what was studied (5-8 min. explanation, perhaps over dinner 😊)
- Parent helps student to organize information by creating a concept map
- Parent and student read article reading/discussion on science topic found in a magazine or newspaper
